

# Maessorr Structorr

CLASSIC HEAVY METAL TRIO FROM BOHEMIA & SAXONY. SINCE 2011

**Denny Kleinberg** vox & bass  
**Milvus Kleinberg** guitar  
**Pavel Schwarz** drums

Maessorr Structorr is a classic heavy metal band. The music style ranges from pop rock thru heavy metal, with punk rock elements and classic music melodic influences as well

"From Czech Republic, we find upcoming hard rock band MAESSORR STRUCTORR, who have a very catchy new eleven track CD out now called 'Rise At Fall' that is well worth checking out." - FIREWORKS magazine, 16th June 2016

" "Rise At Fall 2015" wurde im eigenen Studio produziert, nennt als Höhepunkt sicherlich die Ballade "Lonely Mariner", die von Gitarrenstimmung bis hin zu den typischen 'Feuerzeugritualen' alles bietet, was man so erwartet. Zumindest solange, bis ein furioser Gitarrenritt mit klasse Drumarbeit alles Balladeske zum Teufel schickt. Meine beiden Favs sind allerdings das in deutscher Sprache gesungene "Theresa" mit dieser leichten Punkattitüde. Ein

Song so frisch und munter - besser kann ein Track nicht zu dem gerade erwachenden Frühling passen. Mein zweites Highlight trägt den Namen "New Start" und überzeugt mich, weil es zum einen stadionmäßig beginnt, dann zum anderen schön schleppend mit eigentlich unerwarteten Akkordwechseln nur begeistert." - Ulli Heiser, ROCKTIMES webzine, 7th April 2016

"Rise At Fall 2015 is this German trio's debut album, planting their feet firmly in classic heavy metal waters. 80s style riffs dominate throughout and although the album is a mixed bag, there are some good moments that show Maessorr Structorr have some about them. *Headlights On* is a good opener with a strong AOR feel, but it's the excellent guitar solo from Milvus Kleinberg that, lasting over two minutes, is the first glimpse of the quality the band have." - Matt Karpe, POWERPLAY magazine, March 2016

"It's a good debut, even if they haven't quite decided what band they want to be. So there is some eighties hard rock, some out and out metal, and even a couple of tunes which wouldn't be out of place on the radiogram. But they have got potential, and if they could narrow their focus a bit, then they could be on to something." - Stuart Hamilton, THE ROCKER webzine, 7th January 2016
