Maessorr Structorr

CLASSIC HEAVY METAL FROM BOHEMIA & SAXONY. SINCE 2011

More than just a live band, Maessorr Structorr is a lifelong project of songwriters and brothers Milvus & Denny Kleinberg. After the release of debut album 'Rise At Fall 2015', Maessorr Structorr proudly presents the new album in EP format 'Living My Way'. Let's share the passion of time travelers and experience a touch of 80's classic metal again. We were happy to invite guest performers - vocals by George Margaritopoulos and lead guitar by Jon Wright.

LIVING MY WAY

- 1 LIVING MY WAY
- 2 RIDE TO HEAVEN
- 3 NICE DAY
- 4 LONELY MARINER

Special credits come to Franz Zellner (Starlightsound Studios, Nuremberg, DE) for recording drums and guitars, Martin Hollandr (Nymburk, CZ) for recording bass line, editing by Angelo Kane (11 Rock Mixing Studios, Lamia, GR), mixing by Martin Hollandr (Nymburk, CZ) and mastering by John Webber (AIR Studios, London, GB).

We are grateful for superb craftsmanship and keen cooperation with all these great guys. God bless them!
